

Middle School Learning Center

The spring semester has arrived and we are extremely excited to have our students back from their winter break at the Middle school program. We are pleased to announce that for the first time we have partnered with Monte Vista Christian High School who will help us with our students in the learning center and with recreational activities. This unique opportunity will help us have more availability to serve our students in the learning center with their homework and provide our students with alternative ways of growth. These strategies may include: ways to compete in a board game, ways to expand their vocabulary with word search worksheets, ways to practice their reading by reading out loud to somebody in order to increase their effectiveness on comprehending the material. Students have been reminded to bring a copy of their grades to determine their academic standing in order to support them with individual tutoring.

Two students that were contracted for one-on-one tutoring last semester have been promoted to independent learners, therefore they will be able to get assistance from our floater tutors/volunteers this semester. This promotion has been awarded not solely because they improved their grades, but also because they have maintained them throughout the semester, thus demonstrating that they are academically disciplined. We want to congratulate Vincent Gomez and Christina Iniguez on this accomplishment!

Student Testimonies

Vincent Gomez

Contracted Tutoring helped me with being and building more confidence. It also helped make me believe that it will help me in the future. My advice for students who want to improve their grades is to do all your homework even though it's boring it will help in the future like to get a job. What worked for me is paying attention and working in quiet places.

Christina Iniguez

Contracted Tutoring help me because it helped me get my grades up. The advice I would give to other people who want to improve their grades, would be to always try hard and never give up. Something that worked out for me was finishing up my homework on time and doing good.

STUDENT OF THE MONTH

Christina Iniguez

Middle School Student

Christina was chosen as student of the month for her outstanding determination to her academics. Christina arrives at Youth N.O.W daily with a contagious smile, and displays a high interest in participating in all program activities. Christina is focused, self-motivated, and always aiming to complete her homework assignments. We are proud of Christina's hard work and excited to see her continued growth at Youth N.O.W.

Leo Hernandez

High School Student

Leo Hernandez has been attending Youth N.O.W. everyday since fall of 2016, he has improved his academics and is always the first to lend a helping hand. He is a motivated student and has made strides towards his academic success by attending regular tutoring sessions and prioritizing his studies. Leo regularly attends and participates in enrichment activities as he shows outstanding progress balancing his studies with his social commitments. He embodies the values we have here at Youth N.O.W and we are incredibly excited to witness his continuing growth and success as both a student and individual.

FEBRUARY FAMILY NIGHT

Our Families spent the evening with us participating in our first Family Paint Night! We enjoyed all the incredible pieces made and the smiles shared through this activity. Stay tuned for next months Family Night, which will be focused on Health.
